

CONSENT FORM

During the course of the academic year, there are opportunities to celebrate the success of our pupils at Tividale Hall Primary School and this may involve the use of photographs and videos of pupils and their work which may be used in school. For information on how long we retain these images, please refer to the school's retention policy. Please tick below if you give permission for your child's first name/photograph/work to be used for the following purposes:

- ☐ **Copyright permission**
Permission to use your child's work as evidence
- ☐ **Photographs for display**
To use your child's photo on display across the school site
- ☐ **Photographs to be used in offsite presentations and displays**
For example, presentations to other schools and education bodies, training, displays in local businesses or public buildings.
- ☐ **Press use**
Local newspapers, TV, Online press sites
- ☐ **Prospectus**
Photographs used on school's social media sites
- ☐ **School photographs**
Annual school photographs of your child taken on-site for parental purchase. Copyrights are owned by the provider/individual photographer and the contract for the purchase of these photographs is between the parent and the provider. Copies are provided electronically to school for use on our SIMS system for safeguarding. Our current provider is Kittle Photography who keep images on file. For further details of their privacy policy please visit Kittle Photography website.
- ☐ **Photographs for Tividale Hall School website use**
To use your child's photograph on tividalehall.sandwell.sch.uk
- ☐ **Photos or videos of school visits**
Photos or videos taken whilst on school visits
- ☐ **Photos for school's social media sites**
Photographs used on school's social media sites
- ☐ **Photos for use on school SIMS system**
Photograph on the school's information management system. This allows staff to identify pupils on the school's management database, and to aid in the school's safeguarding obligation
- ☐ **Photographs for internal evidence**
Used for evidence internally. For example used in learning journeys, school books
- ☐ **Promotional images around school**
Framed photographs and other images that are displayed around the school to promote the school to visitors and for decoration.
- ☐ **Videos of performances and events**
The school may record performances or events for school use which may include your child.
- ☐ **Puberty and Healthy Relationships sessions delivered by the School Nurse**
When your child reaches Year 5 the School Nurse comes into school to deliver a session on Body Changes. In Year 6 the session covers Healthy Relationships and Online Safety.

☐ **Internet Use**

Your child will use the internet to support their learning. The school's internet connection is filtered to Department of Education guidelines. Without this permission your child will miss out on important curriculum skills and development

☐ **School subscriptions for pupil use**

Listed below are the current online modules that school subscribes to. This list is not exhaustive and there may be additional subscriptions during the school year.

Microsoft Office 365

At Tividale we use Office 365 as a secure online platform to share notifications, diary dates and homework. Your child has their own account in which they can view and comment on Pupil Pages, upload work, email others in school and access online versions of the Microsoft Office software including Word, Excel, PowerPoint, Sway, OneNote. Without this permission your child will miss out on vital parts of their computing curriculum and lose access to the Microsoft Office software online. The children have access to this account online at home.

Purple Mash

Purple Mash is an online platform filled with multiple software tools that we use to deliver lessons. Without this permission your child will miss out on important curriculum skills and development. The children also have access to their Purple Mash account at home.

Education City

Education City is an online platform filled with games and activities that support the curriculum. This platform is used in school during whole class, group and independent work in English and Maths, without this permission your child will miss out on practicing important curriculum skills. Key Stage 2 children also have access to their Education City account at home and are often asked to complete homework tasks on there.

Mathletics

Mathletics is an online platform filled with activities that support the Mathematics curriculum. This platform is used in school during Maths, without this permission your child will miss out on practicing and developing important curriculum skills. Children also have access to their Mathletics account at home and are often asked to complete homework tasks on there.

Child's Name		Class	
Parent Signature		Date	

Should you wish to withdraw your consent for any of the areas above at any time, please call into the school office to amend your child's form.
